*Calling all people who
stutter!*

Perspectives of People Who Stutter About Speech Therapy

Online Survey with Possible Payment

Volunteers are requested to participate in a research study investigating what people who stutter want from speech therapy. Participants will complete a short online survey about desired speech therapy outcomes and past experiences with speech therapy. **We are hoping to learn from people who stutter about what is important to them, and your insights would be *greatly* appreciated!**

This study will take place **online** and will be completed in one session lasting roughly 15 minutes.

Participants will have the option to be entered into a drawing to win 1 of 10 Amazon gift cards in the amount of \$25.

Requirements: If interested in participating, you must:

- (1) Be a person who stutters
- (2) Have internet access to complete an online survey via Qualtrics
- (3) Reside in the United States
